

The Sinking Fishing boat

by Josef Kemény, 19/03/2019
by Josef Kemény, 19/03/2019

The story about the sinking fishing-boat is around 2,000 years old. It started with a final goal at the top level of knowledge, when Gnosticism, knowledge and science dominated in the Middle East. In various groups, angels from Heaven/aliens were active at the focus of events. It started by the distribution of **keys/knowledge** to the Kingdom of Heaven by fishing humans and is now about to be completed as a **flock of sheep** and a belief without knowledge.

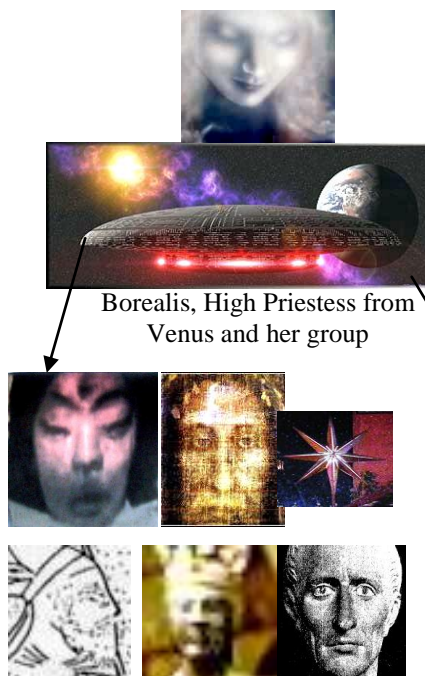

These two thousand years remind us of history, of what happened around 7,000 years earlier in ancient Sumer where there were problems surrounding knowledge and the global flood. Guards from the Pleiades came to the Earth in order to elevate Humanity using knowledge as an instrument. More info at **Industry, Deity**. We often say that history repeats itself. I write this short text based on my knowledge and clues which are available to those who are interested.

Jehovah JHWH God, King of Wisdom, and his group from the

Jew **Joseph Jr/Immanuel**, born in BC 29 in Bethlehem, died in AD 26 in Jerusalem, son of Paphos bar Yahoud, 55-30. Fisherman Peter and Jewess Mary, 50-20. Illegitimate son, foster son from birth of carpenter and jack-of-all-trades Joseph, first Messiah candidate according to Atlas. Crucified and buried in Jerusalem, a reincarnation of Samyaza, Marduk, Lamech Jr, Cheops, Tutankhamun, Atlas and David. He was called the Son of Heaven.

Borealis, High Priestess from Venus and her group

Izates II/Jesus, BC 16 – AD 28, son of King Monobaz I, BC 35-31 and Helena, around AD 44-50 (daughter of Julius Caesar, who was related to Carpenter Joseph). The **Adiabene Royal Family**, third Messiah candidate according to Atlas. He took over the Jew Joseph Immanuel's identity after his funeral and rumours said that he was resurrected from the dead. He then ascended to the Moon. A reincarnation of Inanna, Akhenaten, Nemesis, Athena and he is God of Israel.
He called himself Son of Man.

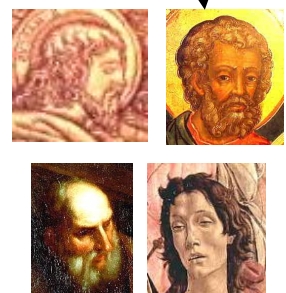

Ptolemy of Mauretania Born around 6 BC, died in AD 40. Son of Juba II, BC 52 - AD 23, and Cleopatra Selene II, BC 40 – AD 6. He, too, was a strong advocate of Messiah candidate 2, according to Atlas.

Ptolemy was a reincarnation of Enlil, Falcon God Horus, Heracles and Marc Anthony.
More info at *The Sun at a Disadvantage*, pp 102-106 and 114-115. Had no brothers. At the same time, Paul announced his views.

Angel Moroni and his group

John Mark. Date of birth obscure, probably BC 2 or 3. His father is also unknown, probably Barnabas Joseph, who is also known as his uncle. He might also be Mark's cousin. His mother was called Mary. He is said to have been a Jew of Greek origin, but he lived and worked among non-Jews. The family was very rich, they lived in Jerusalem, and had several servants.

In this case Barnabas, also called Joseph, was the motor of their activities. John was also called Mark, which means 'heavy hammer'. He was called Mark because he formed people in the same way a hammer forms the hot iron. He was a rather cruel individual and many people feared him, Paul was one of them. Paul was very close to Barnabas who handled important issues for Mark among Gentiles who were not involved in Mark's activities and gospel. The family was also close to the clergy and rich and powerful individuals in and outside Jerusalem. Jewess Mary and her family, the Adiabene royal family were on their list of contacts concerning Izates II/Jesus. In secrecy they followed Carpenter Joseph's family and Joseph Jr, Immanuel, and his family. We can say that all doors in Palestine were open for this rich family. The family lived in Jerusalem in a large villa which was the centre for John Mark's activities in Paul's days. The mother, Mary, of Greek descent, also took part. Barnabas Joseph was John Mark's motor: Prepare the Royal Highway.

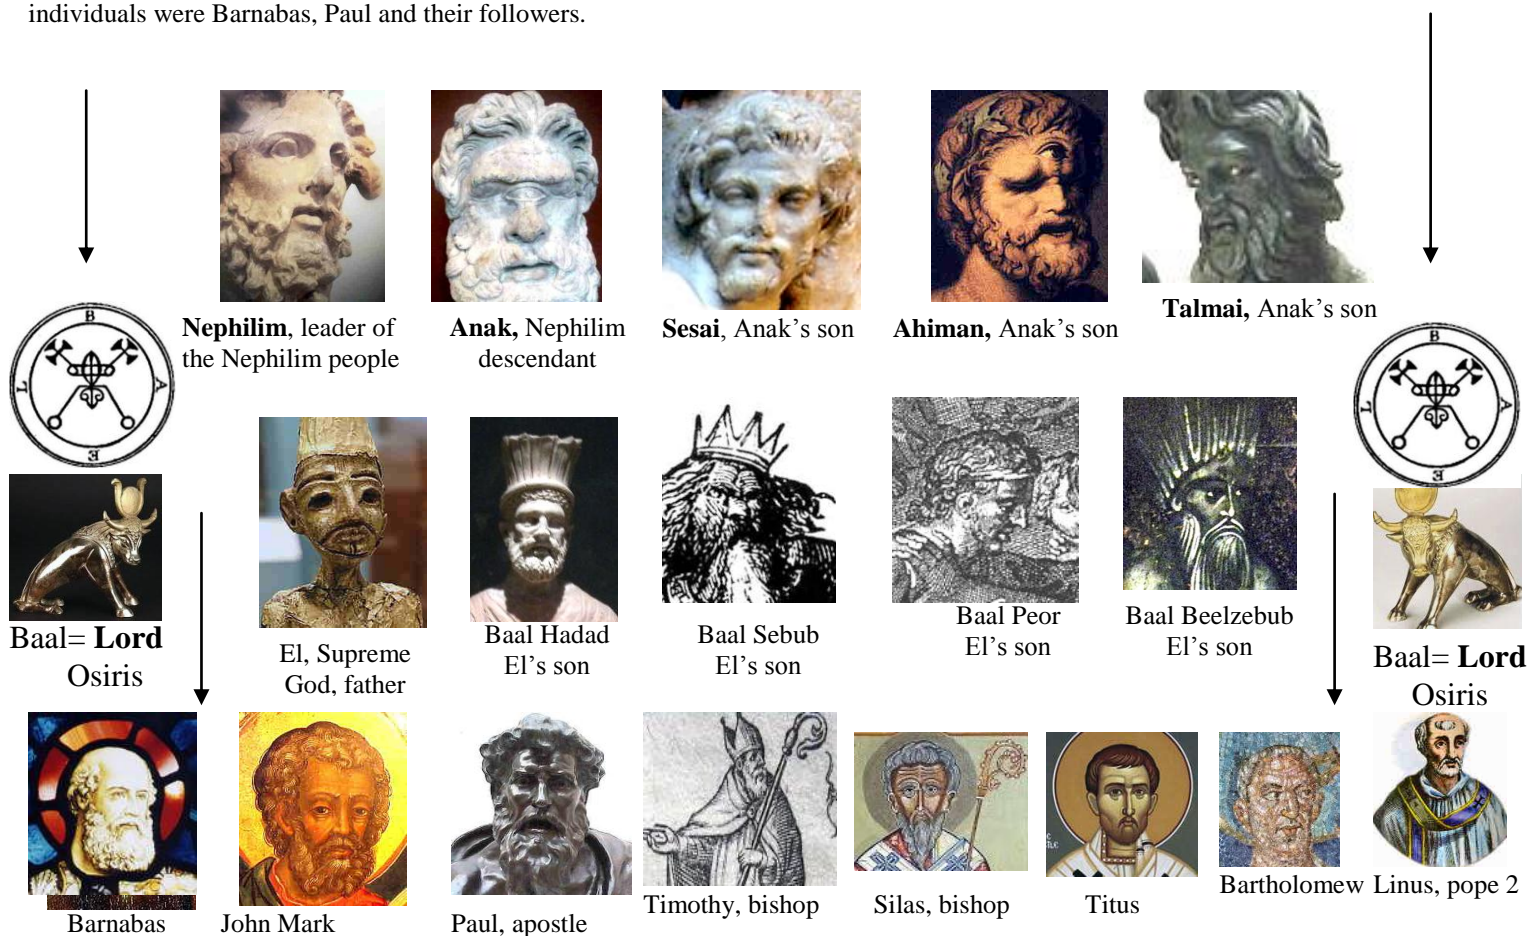

A closer look at reincarnations in this family yields this: Barnabas Joseph was a reincarnation of, among others, Nabopolassar, Antipater, who died in BC 43, which means that Barnabas was born around BC 35. John Mark's mother Mary was a reincarnation of, among others, Sariah, John Mark was a reincarnation of, among others, Zeus/Jupiter, Herod the Great and Nephi. We can establish that what Nephi wrote on the plates about Jesus and his future activities in Palestine really happened.

Eating the fruits from a tree is a symbolic act, fruit can symbolize knowledge and family members. The reader definitely sees Mark's impulsive personality (and Nephi's) and may suspect that he was influenced by Peter the Apostle, one of his disciples was Mark. Fisherman Peter was the biological father of Joseph Jr/Immanuel. This may have happened before AD 30 when John Mark was very young (fisherman Peter is not the same person as Simon Peter, who was Izates II/Jesus' elder brother). John Mark also appears in Gnosticism, in the Gospel of Judas/Thomas. This gospel tells us the story of meetings with Jesus/Izates II's disciples, including John Mark. More info at Se **Industry, Omnipotent Akhenaten**, pp 19-22.

Initially, John Mark preached in Jerusalem but the people, the Jews, discovered that he was Baal and called him Jesus Beelzebub, who also appears in the gospels. Then the message was spread beyond Jerusalem, to the nearby islands, Greece and Rome. Simultaneously the message was spread by **Ptolemy of Mauretania**, following Paul, Barnabas.

There was a number of skilful, young believers who followed Barnabas and Paul, e.g. Silas, Titus and Timothy who were who were believing active Greeks and bishops around Barnabas, Paul, and John Mark. Were these young men secret sons of Barnabas Joseph? More info at **Foundation Stone**, page 37 and **The Sun at a Disadvantage**, pp 110-112. Eventually, Jesus Beelzebub was connected to Carpenter Joseph as his son.

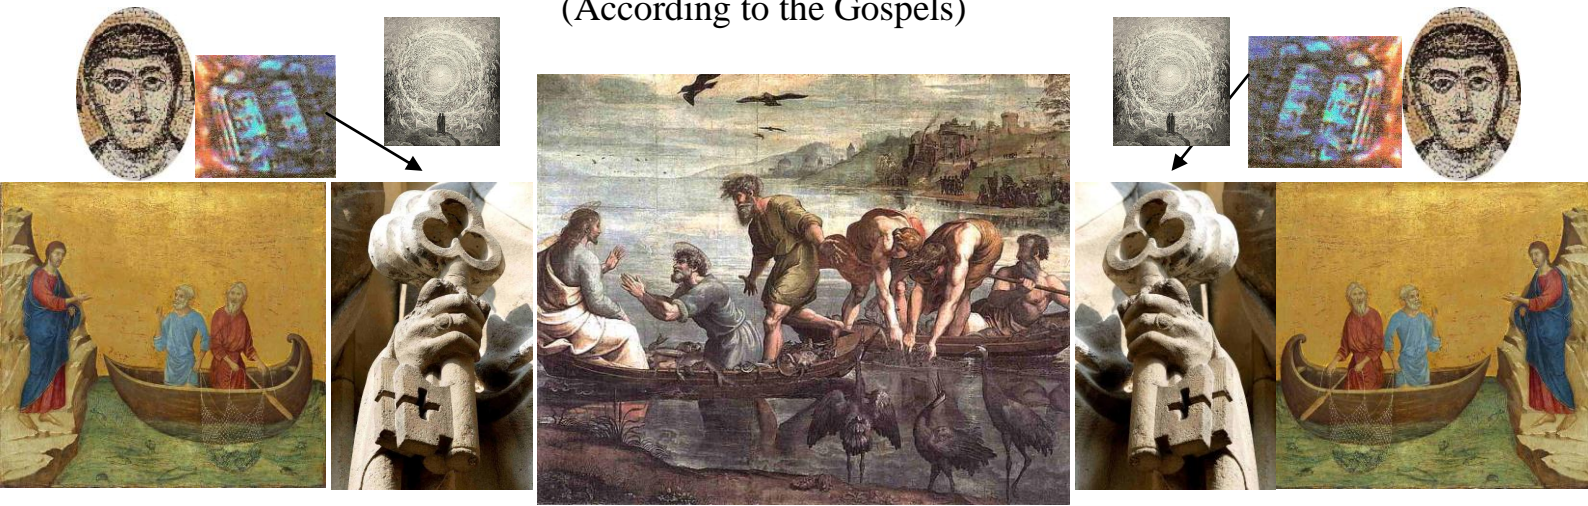

In AD 6, during High Priest Anna's time in office, Immanuel and Izates II/Jesus were active and during Caiaphas, in AD 36, the active individuals were Barnabas, Paul and their followers.

These principal men were active during the time of Paul the Apostle. We do not really know much about these men. One motor was Barnabas, the other one Paul. Barnabas and John Mark were said to be Jews, but they had nothing to do with the Jewish community. Paul was also said to be a Jew, descendant of Benjamin, but Benjaminites were not Jews. These men were active, preaching the Christian gospel. Titus was the leader in Crete, Timothy bishop of Ephesus, Silas bishop of Corinth, Linus the second pope in Rome. Paul was the strongest one among them when it came to spreading the Christian message. John Mark founded the Christian Coptic Church in Alexandria. I believe that that the new religion was a renewal of the ancient worship of Baal. - Known apostles in those days were not necessarily identical with the original apostles during Anna's time. They probably used familiar names, but the individuals were new. - John Mark was also an evangelist, his remains were brought to Venice from Alexandria in 815 during Pope Leo III's pontificate. His animal symbol was a **lion**, but we should not assume that his lion is the Lion of Judah.

Keys to the Kingdom of Heaven and the art of fishing people

(According to the Gospels)

Kingdom of Heaven

According to the Gospel of the Hebrews, Jesus, who called himself *Son of Man* (not Son of God!!) broke bread with his eldest brother James. This means that James became Jesus' deputy, he was his representative in the world, and he handed over the keys to the Kingdom of Heaven. Keys are symbols of knowledge of the Universe and the future Human World according to the Book of Thomas. This book was called "The Book of Secrets" or "The Books for Those Alive" by Thomas. One copy of the book reached Jesus. In that way he, too, gained knowledge about the secrets of the Universe. In the picture above, Jesus/Izates II/the Lamb hands over the key to the structure of cosmos to his eldest brother James Peter ('Peter' means 'rock'). More info at **Industry, Omnipotent Akhenaten**, page 21, **The King of Polar Light**, page 62, **The Fourth Pyramid which Disappeared**, page 73, and **Man, God and Science**, page 34. Remember that this happened during High Priest Hanna's time in office. In those days nobody talked about any crucifixion, Gnosticism ruled, there was no Christianity, salvation should be obtained via knowledge. – The art of fishing people was a basis for knowledge since humans are products of nature. Only human beings can enter the World of Man. Jesus offered fish to 5,000 people according to the Gospels. He suggested that human beings should be vegetarians and start eating fish instead of meat.

1054

When Pope Leo IX had returned to Rome from Pozsony, Hungary (present-day Bratislava) after having failed to achieve an agreement between Germany and Hungary on legal transition to Christianity, the situation became untenable. Christianity did not have any sustainable power in Europe because of Hungary's continuous resistance.

On June 16, 1054, the Fishing-boat ran aground in Constantinople and started taking in water, around 1,000 years after it was launched in Rome. The damage was so extensive that it could not be repaired and the Cradle of Christianity is still there, sinking slowly and inevitably.

Malachy's list suggests that he is last pope, #112 on the list. Peter means 'rock' and the pope really is a rock. What remains now is the very last, #113, the terrible judge...
 Fight between Napoleon and the Holy See, more info at **Industry, Prince of Ponte Corvo or**, page 32. The current pope is a reincarnation of, among others, Cardinal Bartolo Pacca. During his pontificate, the fishing-boat will finally sink.

At the beginning of these 2,000 years, the Earth had never before seen a period of such a high level of knowledge related to 'The Kingdom of Heaven.' John (the Baptist), a reincarnation of Enki and Zoroaster started this period. Symbols were for example the straight keys and people who were products of nature, people are part of the creation of the new Kingdom of Heaven. John's own writings about the new Kingdom are lost. Gnosticism, founded by Carpenter and Jack-of-all-trades Joseph's biological son Thomas in the year 0, ruled in those days, based on knowledge and science. OBS! – Thus, the topic was the new Kingdom of Heaven and its continuation, a life of knowledge and Gnosticism.

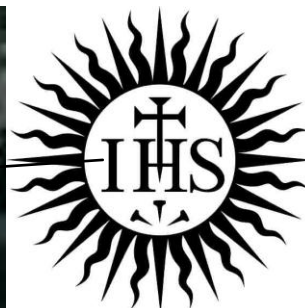

Why do straight keys, Kingdom of Heaven and people suddenly transform into intersecting keys and a flock of sheep? How is it possible to create a religion, a Church, which swims in blood, preaches lies and lowers people's level of knowledge? The Church became the tool of death.

This is something that happened and, as we know, each event is followed by clues which can take us back to the origins, to the days of Gnosticism. tid. The first clue is Pope Pius XII, G Hitler's last pope.

Joses bar Monobaz

Papal ring/fishing ring

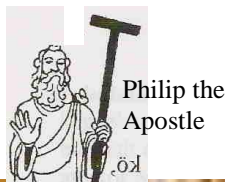

Dark vision about the future

Coronation of Pius XII in 12 March 1939 during Gustav Hitler's time in office

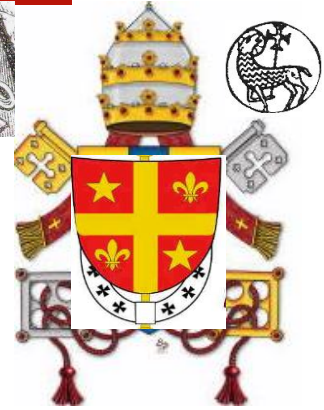

At the coronation of Pius XII, his Jesuit glove with a Jesuit symbol is visible. Pius himself was not a Jesuit, but the Jesuits took part in the activities of the secret Church. Before Pius XII died, he had an open, dark vision about the Church and the world. – As far as I understand, Pius was a reincarnation of, among others, Izates II/Jesus's elder brother Joses bar Monobaz More info at **Industry, The Fourth Pyramid which Disappeared**, page 52 *Visitors to the Moon, final*, page 100.

The Pope in Red

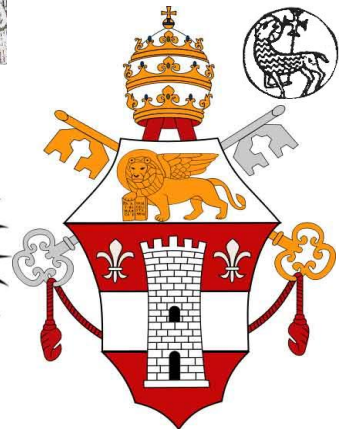

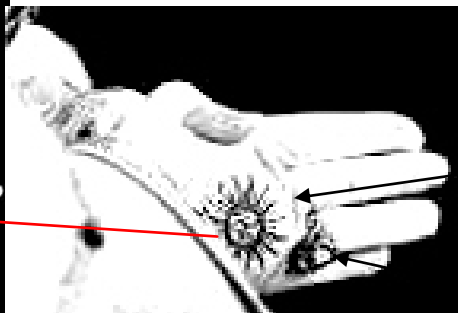

Cardinal ring

The first individual to be elected pope after the death of Pius XII was Cardinal Siri of Genoa on 26 October 1958. He was also called the Pope in Red. It is evident that his Jesuit glove is a symbol of secret Jesuit activities in his Church. But he did not belong in Jesuit circles. I believe he was a reincarnation of, among others, Philip the Apostle.

Philip the Apostle's attributes: Cross, stone, serpent and dragon, strong symbols. My idea is that Giuseppe Siri was a reincarnation of, among others, Philip the Apostle, his coat of arms displays the cross. The serpent comes close to the five-pointed star, a symbol of the planet Venus, which in turn is connected to Book of Revelation's Morning Star, a female symbol. More info at *The Fourth Pyramid which Disappeared*, pp 47-52 and *Prince of Ponte Corvo*, or, pp 58-66.

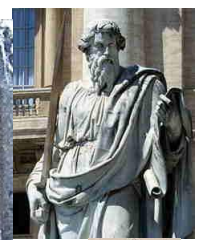

Papal ring/fishing ring

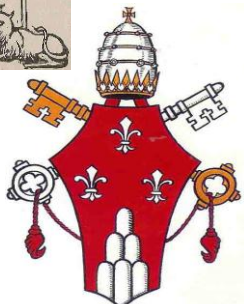

The coronation of Pope John XXIII took place on 28 October 1958. The Conclave had, almost simultaneously elected two popes which is why Gregory VII was called antipope. This pope, too, used a Jesuit glove, it stands out in the picture above. He was a reincarnation of John the Apostle. During John's pontificate the Jewish boy Tibor E was born by Jewess Maria in Linköping at exactly midnight in 1958 (note that Pope Pius XII was Gustav Hitler's pope, but could not have experienced the birth of the Jewish little boy, but Maria became pregnant during his pontificate. Even during his short pontificate the Jesuits exercised power and influence directed towards the secret activities of within the Church.

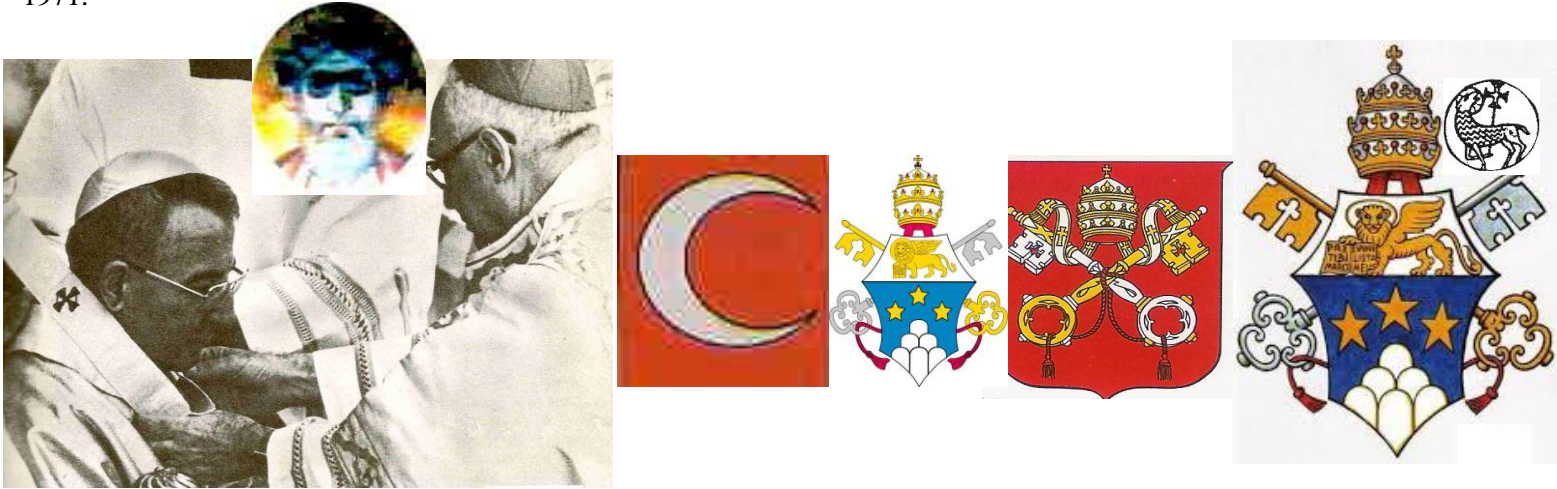

Paul the Apostle

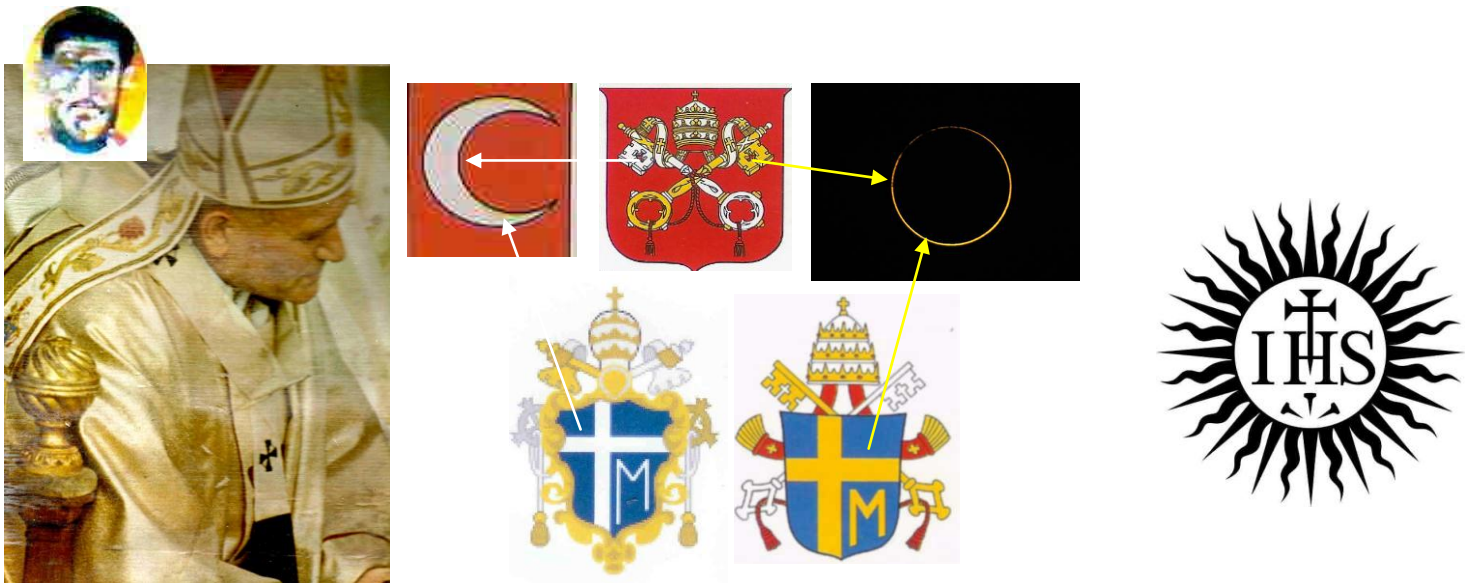

Papal ring; Fishing ring

Pope Paul VI was crowned pope on 30 June 1963. We can see symbol of the Order of the Jesuits on his white glove. I believe he was a reincarnation of, among others, Paul the Apostle, who was the Bull God Mark's most important disciple. Paul's attributes are a sword and the scroll with the seven Saul's, see above. According to St Malachy he was *A Flower among Flowers*, Flos Florum. The flower is a symbol of the woman/virgin, i.e. he has killed because of a woman. See his personal coat of arms: symbolic flowers and the large mountain. The coronation also establishes that the *Tiara* is no longer a tiara. The crown is only a crown ring which would finally land on the head of the Jesuit's, Christ the Bull's, head. Compare this crown to John XXIII's tiara. Paul was the last crowned pope. During his pontificate the Jewish boy Tibor E was murdered in Stockholm, 1971.

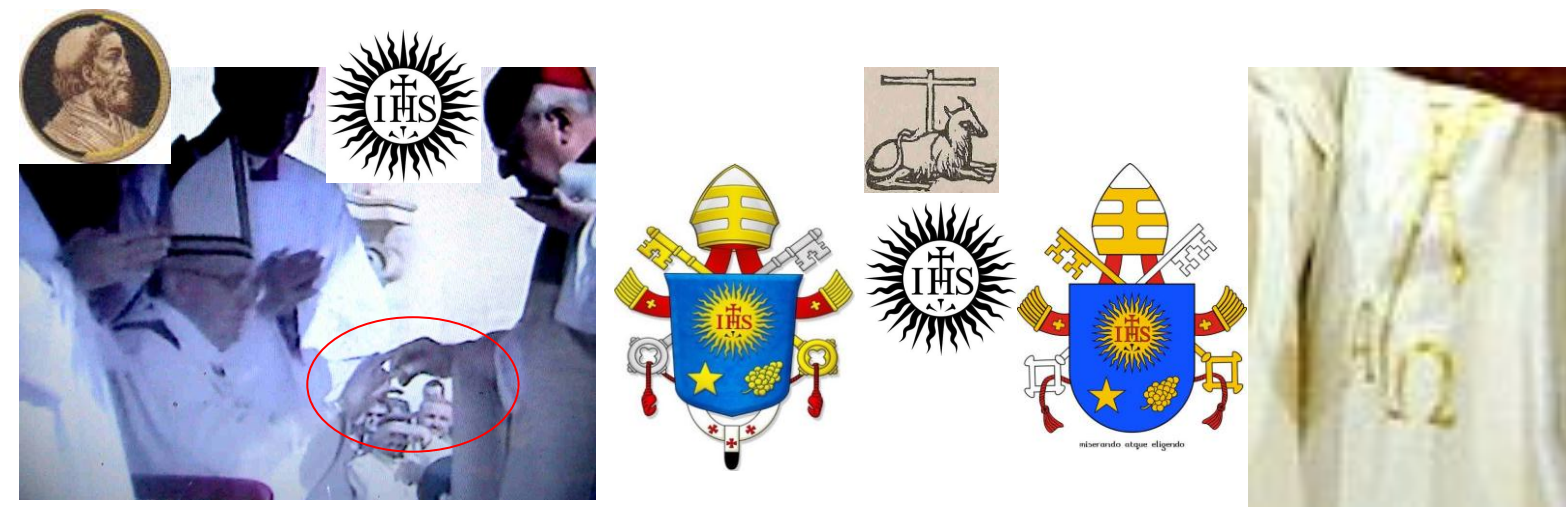

John Paul I's papacy began on 26 August 1978. He was the first pope to use two papal names. John refers to John XXIII who was the Lamb's pope. Paul refers to Paul VI who was the Bull's pope, a strange combination. Malachy called him or his program *Of Half the Moon*, *De medietate lunae*. The Moon is a female symbol as is the five-pointed star on his coat of arms. It is connected to Venus/The Morning Star, i.e. a symbol of Virgin/spinster/hybrid/the Lamb. The pope was a reincarnation of Judas, Izates II/Jesus/one of the Lamb's elder brothers. The colour of the Moon is silver as is the colour of the key in the pope's coat of arms. More info at *Aries, Capricorn and the Fullness of Time*, page 9. He was murdered on 29 September 1978 in the Vatican.

John Paul II was inaugurated on 22 October 1978. He accepted the same name as his predecessor, a double name, John and Paul, they have the same connotations. St. Malachy's Papal motto was *De Labore Solis*, *Solar Eclipse*. The letter 'M' stands for *Moses* and *hybrid/virgin*. The yellow cross on his coat of arms (the Swedish flag) is a symbol of the Sun, the Lion, while the silver cross on the other coat of arms is a symbol of the Moon, Virgin/Lamb. The pope was a reincarnation of, among others, Moses and Simon bar Monobaz, Izates II/Jesus's elder brother, Simon Peter, who was the very first High Priest of Rome around AD 30-33. This pope played two roles: one was to hide the truth about the murder of the Jewish boy/Lion/Sun Tibor E, the other to create space for the Bull/Jesuit Christer Philip R.

Benedict XVI was inaugurated on 24 April 2005. St Malachy's motto was *Gloria Olivae, The Glory of the Olive*, which reflects ancient Israel and its God the Serpent/Lamb. Pope Benedict XVI was a reincarnation of, among others, fisherman Zebedee's elder son James. He was Jesus's/the Lamb's apostle. James's emblem was a shell. James was part of Jesus's/the Lamb's inner circle and knew about the secrets surrounding him. His great interest was science and Gnosticism. The shells are prominent on his personal coat of arms. This pope possessed a high level of knowledge. I think that the dark portrait on his coat of arms is a symbol of the Lamb in hiding. James attributes are, among others, a book, a pilgrim's staff and a shell.

Francis was inaugurated for the very last Papacy on 19 March 2013, Carpenter Joseph's name day. Exactly 73 years ago, 19 March 1944, Nazi Germany led by Gustaf Hitler invaded Hungary in order to kill Jewess Maria's family, other Jews and Romani people and to involve Hungary in the Second World War. Joseph's name day coincides with my father's, Tibor Kemény's paternal issue regarding the Lion, Tibor E, and the Lamb, Krister R. St. Malachy's motto for this last pope is *Peter the Roman, Petrus Romanus*, the last pope to appear on a list containing 112 popes. I think this pope is a reincarnation of, probably Linus who was a high priest around AD 67-79, just after Simon Peter, the first high priest and of Cardinal Pacca during Pius VII's pontificate. Pope Francis comes from the Society of Jesus (the Jesuits) and is the Bull's pope, his blue and yellow coat of arms confirms this. Blue and yellow are also the colours of the Swedish flag. In the picture we can see how the papal ring/fishing ring is slipped on to the pope's finger. If we follow this clue, we will find that the Jesuits had very strong influence on the church via the popes on the Catholic Christian Church. The last pope, too, is a Jesuit pope.

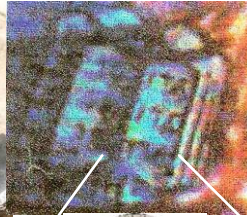

According to the Gospel of the Hebrews, James became the successor of the upright Jesus (Izates II). *Became the successor* means that it was he who received the keys (high-level knowledge) to the Kingdom of Heaven. The key is a symbol of the book which Thomas, Carpenter Joseph's biological son write about his father Joseph and the existence and construction of cosmos. But Judas, Jesus's elder brother, rewrote it, more positive towards Jesus, after Jesus had seen a copy of the book.

In James's Apocryphon we can read exchanges of letters between James and, probably, Paul. James writes: "You have asked me to send you a secret book revealed to Peter and me by the master, and I could not turn you down, nor could I speak to you, so I have written it in Hebrew and have sent it to you, and to you alone. But since you are a minister of the salvation of the saints, try to be careful not to reveal to many people this book that the saviour did not want to reveal even to all of us, his twelve students." Paul heard about this secret book in a secret circle which existed in those days. He wanted the book at any costs, so he told James that Jesus had appeared inf front of him in Damascus. He was the servant of salvation and in that way he could persuade James. He got the book, according to James. More info at *Omnipotent Akhenaten*, page 21 and *Aries, Capricorn and the Fullness of Time*, page 7. After Paul ha received the book and read it, he killed James and all of Jesus's important disciples. More info at *Foundation Stone*, page 37.

Since James had been killed because of his mistake of giving the forbidden book to Paul, he did not become Jesus's successor. Simon Peter, James's younger brother had to take over the keys, symbolically. But Paul and his secret inner circle with names such as Barnabas and John Mark could follow Jesus's plans, also for the future. Jesus found a copy of the book written by Thomas, then he lost it Jesus via James to Paul.

Carpenter Joseph's
foster son

Related to Carpenter Joseph

A symbolic explanation of the meaning of intersecting keys. At the beginning, four so-called saviours, Messiahs, were at the starting line. Two of them during High Priest Annas's days and two of them later, during High Priest Caiaphas. Only one of them was to finish. When individuals' roads intersect at a crucial point in time, nobody will reach the finishing line. A crucial point here is a paternity issue. None of these four individuals was the biological son of Carpenter and Jack-of-all-trades Joseph, so that part of the activities was a failure. What remained was the intellectual striving at a high level of knowledge in Annas's days. Now, in the Fullness of Time, the same thing happened to my father's, Tibor Kemény's paternity issue. The Jewish boy Tibor E was his foster son and Krister his cousins' child while the third one, super rich Christer Philip R, has nothing to do with my family. The only result was large amounts of false documents. The first-born biological child would also be the son of God who has his throne beyond the Earth. **GOD = King of Knowledge.** It is evident that the intersecting keys, as symbols of knowledge, also block each other. This means that the symbolic cross will fall down. In other words; Christianity is down and out.

Book of Revelation

The book with seven seals

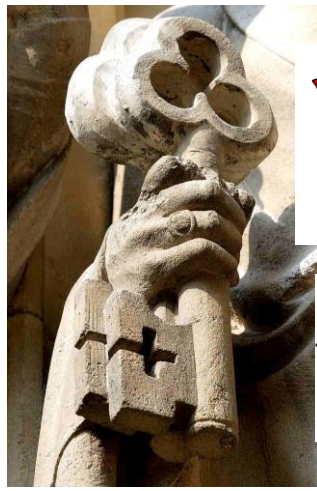

Simon Peter

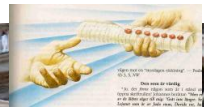

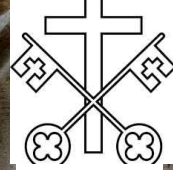

John

Ever since the birth of Christianity one question has been asked: Who wrote Book of Revelation? Who was this John? A general view is that Book of Revelation was written by the evangelist John. The gospels were written between AD 40 and 60, Book of Revelation around AD 98-100. There were 40-50 years between the gospels and Revelation, those who lived when the gospels were written had probably died when it was time for Revelation. – Simon Peter, the first leader, died around AD 60-67. He was reincarnated as John around AD 70 and wrote Revelation on the island of Patmos when he was around 35-40 years old (I have written before that Book of Revelation was probably written by Immanuel's son Judas, who was also called John, he was also born at that time).

Vatican

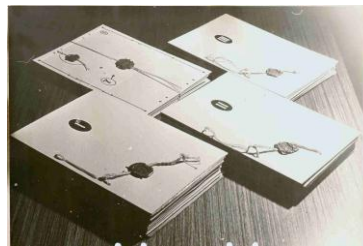

Simon Peter with straight keys ← Knowledge → Paul with the scroll

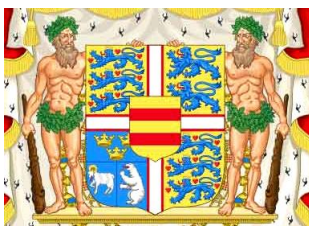

These two statues of the Apostles Peter and Paul and their attributes can be found at St. Peter's Square in the Vatican. What do these two messages really mean? We will take a closer look at my father's, Tibor Kemény's, paternity issue where we will find the scroll, the seven seals and large amounts of document in three open compendia. Let us follow these secret documents, called "Man's Will". There is a short version at *Man's Will*, page 17.

Carl Gustaf XVI, King Head of State

Olof Sundby, Arch Bishop 1972 - 1983

19/09/1978, at 2 p.m.

The packages were sent to the then Danish Prime Minister Anker Jørgensen. They contained the Testament and the Scroll with the seven seals and three open compendia, white books, and large amounts of documents connected to my father's, T.K.'s paternity issue concerning the Jewish boy Tibor E and Krister R. The Danish state was supposed to safeguard the three compendia while the Scroll with the seven seals would be handed over to the Queen of Denmark. – The reason why my father chose Anker Jørgensen was that he was the most suitable prime minister outside Sweden. The Queen of Denmark enjoyed a very good reputation and she was said to be a very intelligent, educated and thinking woman. My father was not a religious man, he had no confidence in neither the Church nor the Swedish monarchy. This was still a private issue, his issue, and he chose Denmark.

In the summer of 1978, shortly after she had received the Scroll with the seven seals, she visited Stockholm and the King. Almost simultaneously, the Prime Minister A. Jørgensen also went to Stockholm to meet his friend O Palme. The visit was short and fast. So far, everything is certain. – As far as I understand, the Scroll with the seven seals were handed over to the king, while Palme received the three open books. Since they affected the Church, they probably finally came to the then Arch Bishop in Uppsala, while the Scroll was kept by the King. This happened during Pope Paul VI's pontificate. At the beginning of August, the Pope suddenly died and was replaced by John Paul I on 3 September 1978.

On 19 September at 2 p.m. four desperate police officers attacked our house. Their orders were to pick up my father and transport him to the madhouse, to captivity. During the attack, our house caught fire, see the picture above. They took all three of us. More info at **Industry, Aries, Capricorn and the Fullness of Time**, page 5. Inside the police station, the policeman who was expecting us, turned to my father and said to him: 'Tibor, this is the end of it.' 'You seem to be right,' my father said. The Chief of Police and my father had met earlier in connection with police matters concerning my father's paternity issue. Everybody was low-spirited, the policemen were friendly and helpful. My sister was taken to a hospital and my father and I were taken to the madhouse. During the trip, the police officers said they had no idea why they were ordered to arrest my father. Had they been aware of the actual background, they would have refused.

My father asked the police officers about why they came home to us. One of them answered: 'Some **Scroll**. We don't know what a scroll is, we were not informed. The order came from above.' 'I understand', said my father. The only persons who knew about the Scroll were the King and Palme. – After 11 days in captivity we were allowed to leave, and my father and I returned to our charred villa. We found all the documents and books. The documents were a bit damaged by the fire, but still usable. We sorted them (including family pictures and pictures of little Tibor) and then we showed all the documents and pictures to the consultant, the intern and the nurse. When they were allowed to read the documents, the consultant stood, raised her voice and said: 'Bloody hell, I have been conned, it's all a lie and fraud, now I understand you, Tibor.' She was very angry. On the phone we contacted Krister R, who told us that he did not know us and had no knowledge of the issue. – All crimes were committed in his name. – The whole hospital/madhouse was closed down in the 90's, it does not exist today. The district court where my father's paternity issue was handled is also gone.

This series of events is the darkest part of our family history, created by the king against us. He showed no respect, neither towards my father nor towards his family. He showed his real, evil face. His starting point is, since he is stupid and ignorant, that he believes that everybody else is as stupid and ignorant as he is. This is the King's wisdom.

The pope brought the sealed Testament.

Secret conversations took place in the pope's private library between the pope and the king

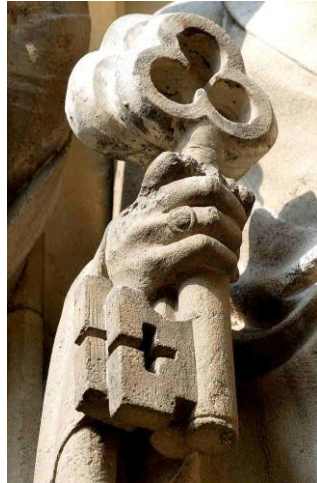

The pope's handshake gave confidence to the royal family in a Protestant Church.

Reactions on the visit to Sweden were quick to appear.

The Pope received King Carl Gustaf XVI and Queen Silvia in the Vatican on 13 November 1989 at 11 a.m. Afterwards, the pope and the king had an hour-long secret conversation in the Pope's private library. A good question is what secrets a Catholic pope and a Protestant king discussed during more than an hour. I understand the discussion was about the handling of my father's paternity issue, a catastrophe.

M=Maria/Mary

Actually, who was Pope John Paul II? He introduces himself above. On his personal coat of arms the whole Christian world can see a big letter, **M**. It refers to **Moses**, the pope was a reincarnation of Moses, but **M** also means **Virgin**, neither man nor woman, hybrid; the Serpent, the Lamb, Israel's God. The pope elevated the Serpent now in the Fullness of Time just as Moses elevated the Serpent in the desert when Israel was founded, His personal coat of arms displays the Swedish flag. Why Sweden? Because my father's paternity issue was handled here, in the Kingdom of Sweden. Here the pope's God fooled the Serpent, Krister R, my good father and Jewess Maria. – During Pope Paul VI's pontificate my father's and Man's Will was dropped. The pope was a reincarnation of, among others, Paul the Apostle.

Moses then and Moses now.

In the 1980's and 90's we could, here in our Protestant, Christian kingdom read and hear that God is a hybrid. But today that is gone. Today, God is a Jesuit.

Those who read this are probably a bit curious. Are there clues which may lead to the fact that Pope John Paul II was a reincarnation of, among others, John, the man behind Book of Revelation?

Yes, there is a fairly good clue, written by John himself in the Book.

Angel with a Scroll. Rev. 10:1-11.

He writes: 'I saw still another mighty angel coming down from heaven, clothed with a cloud. And a rainbow *was* on his head, his face *was* like the sun, and his feet like pillars of fire. He had a little book open in his hand.

And he set his right foot on the sea and *his* left *foot* on the land, and cried with a loud voice, as *when* a lion roars. When he cried out, seven thunders uttered their voices. Now when the seven thunders uttered their voices, I was about to write; but I heard a voice from heaven saying to me, "Seal up the things which the seven thunders uttered, and do not write them." The angel whom I saw standing on the sea and on the land raised up his hand to heaven and swore by Him who lives forever and ever, who created heaven and the things that are in it, the earth and the things that are in it, and the sea and the things that are in it,; that **there should be delay no longer** but in the days of the sounding of the seventh angel, when he is about to sound, the mystery of God would be finished, as He declared to His servants the prophets. Then the voice which I heard from heaven spoke to me again and said, "Go, take the little book which is open in the hand of the angel who stands on the sea and on the earth. So I went to the angel and said to him, "Give me the little book." And he said to me, "Take and eat it; and it will make your stomach bitter, but it will be as sweet as honey in your mouth."

Then I took the little book out of the angel's hand and ate it, and it was as sweet as honey in my mouth. But when I had eaten it, my stomach became bitter. And he said to me, "You must prophesy again about many peoples, nations, tongues, and kings."

This short text about the angel and the book is the best introduction to both of them. I can compare the giant angel who comes down from Heaven with the scroll in his hand with he who resembles Son of Man early in Revelation. One more clue: when he raises his right hand to heaven. He who raised his right hand was Izates II/Jesus, a representation of Jesus. Yet another clue: when he swore by Him who will live forever and ever and is creator of heaven and all things in it, and **there should be delay no longer**. Borealis and other aliens call him 'the Infinite', i.e. 'the Cosmic Father.' We live in its microcosmos and time, to us, equals eternity. I will later on return to the words **there should be delay no longer**. The whole Borealis book *A Spacewoman Speaks* is based on this short text. The rainbow surrounding the angel's head displays seven different colours, symbols of the seven different worlds existing at the same place, in the same room but on separate levels of frequency, that is our galaxy. I can compare it to the seven-branched candlestick. This angel is at a high level of knowledge. King of Wisdom = God, and the correct name for this angel on this planet is God of Israel.

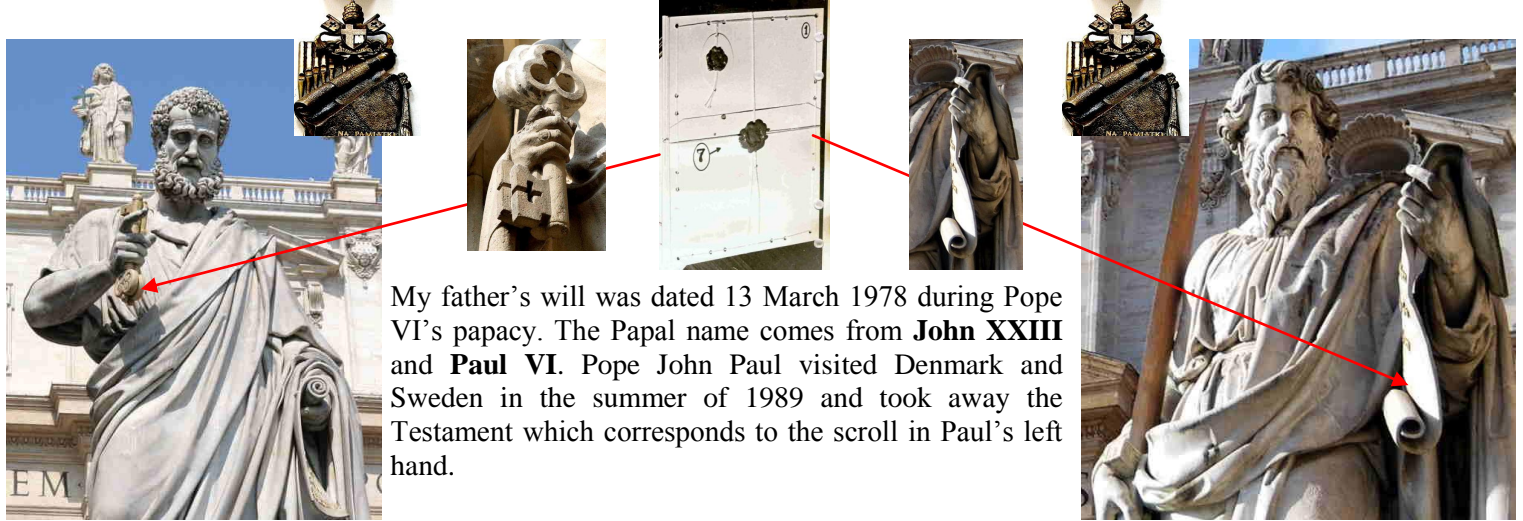

Another important issue not to be forgotten: there is no creator called God. This is very important. A microscopic God cannot create the Earth and the stars, they belong to the atom world of macro cosmos.

When it comes to the little scroll, I believe it is the same book which Jesus/Izates II gave to his brother James. It is about the secrets of the world (thus a copy of Thomas's book) which James gave to Paul and Mammon's God/Jesus Beelzebub who is the enemy of Jesus/Izates II.

Another interesting art of the text is when John is told to approach the angel to receive the scroll from the hands of the angel. He had to eat the scroll which was sweet as honey to his mouth, but bitter to his stomach. – What does this mean? Eating the scroll is a symbolic expression, it was about the contents of the text. From the start John appreciated the contents, but the second part was about the End. John ate it all, as did James of the Saviour's chalice according to the Gospel of the Hebrews.

John knew exactly who the giant angel was. In those days the angel could be found on the island of Patmos. He was dressed in a cloud which means that he was reincarnated in a selected family. He used the identity of one of the family members, as did Nero when he stole Lucius Domitius Aenobarbus's identity and Gustav Hitler when he stole his younger brother Adolf's identity. This is called *dressed in a cloud*, you know the individual but you still do not know who he is. An example known to the world was Adolf Hitler, but the world never saw him. There is a number, around 8 or 9 pictures of Adolf Hitler but they only look alike, they are not identical. The world does not know Adolf, but the brother who appeared using his name and everybody today believes he is Adolf Hitler. Now the world understands what it means to be *dressed in a cloud*. But John knew this angel and was ordered to prophesy again, among many countries, peoples and kings.

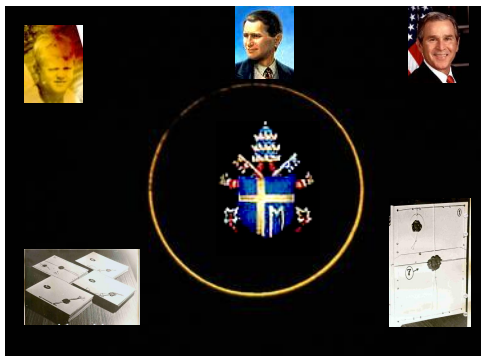

So, John was ordered to start again. He had done it before as Simon Peter, but with no result, because Paul took over with a new message which eventually became known as Christianity. John was reincarnated and later appeared as various popes, e.g. Leo I and, finally, as John Paul II.

My father's will was dated 13 March 1978 during Pope VI's papacy. The Papal name comes from **John XXIII** and **Paul VI**. Pope John Paul visited Denmark and Sweden in the summer of 1989 and took away the Testament which corresponds to the scroll in Paul's left hand.

266, 110 From a solar eclipse
18 May 1920, solar eclipse

Pope John Paul's was born on 18 May 1920, a day of solar eclipse. Malachy's motto for the 110th pope is also connected to a solar eclipse. This one is also symbolic. It is compared with a lion, T.E, who appears in my father's, T.K's paternity issue. This issue was kept secret after the election of the pope on 16 October 1978. By keeping this issue (connected to the Lion Tibor E and the Lamb Christer R) secret, he created space for the Jesuit, Christer Philip R. - Now, God's secret advice has been achieved according to the happy message he gave his servants, the prophets. As my father's paternity issue was based on false documents, the bubble finally burst, a setback for the Jesuit Christer Philip R.

If we take this topic further and read Book of Mormon, the part about Nephi's plates, we will a section of the text about a sealed book whose seal will be opened and rewritten in favour of God (Mammon) in the Fullness of Time. The only possible sealed book is my father's Will which has the date 13 March 1978. If this is true, it means that it was not only my father who wanted to cheat but also God, who is on his throne according Revelation, and who is on his way towards the Sun. The Earth will also be fooled.

If we look for them, we will also find clues here. The last election of a pope, according to Malachy's list pope #112, began on 13 March 2013, 35 years after the date on my father's Will. The newly elected Jesuit pope opened up the world of Revelation where the seven seals of the sealed Book were broken. - Has the Lamb and God discovered that the Book with the seven seals has already been opened, here on Earth? Can this be their response to the fake, sealed Book? - See below

Rev. 6:15-17. "And the kings of the earth, the great men, the rich men, the commanders, the mighty men, every slave and every free man, hid themselves in the caves and in the rocks of the mountains, and said to the mountains and rocks, "Fall on us and hide us from the face of Him who sits on the throne and from the wrath of the Lamb! For the great day of His wrath has come, and who is able to stand?" Judgement day, and judgement equals burial.

This part of the text may suggest that my father's Will is a fake in favour of God Mammon. - There is nothing on this planet in its original position that is not faked, a forgery. This is the world of God Mammon's holy lies.

Now it is time again to quote the oath of the holy angel directed towards Him who lives forever and ever.

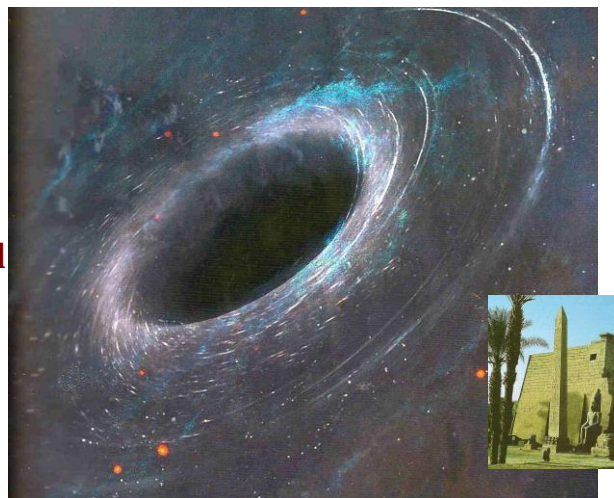

”The angel whom I saw standing on the sea and on the land raised up his hand to heaven and swore by Him who lives forever and ever, who created heaven and the things that are in it, the earth and the things that are in it, and the sea and the things that are in it,; that **there should be delay no longer**.

If we analyse this message, we will find this: The aliens call him the Infinite who is Human and our cosmic father. He, who also created our Universe, his micro cosmos, also, indirectly, created all human beings.

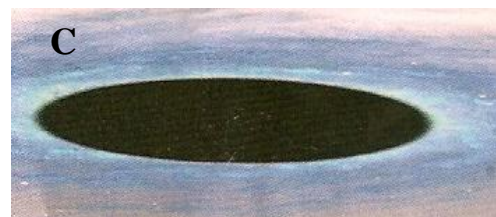

This is our galaxy, the Milky Way. This galaxy is our home and our life, strictly run by natural laws. At the centre we can see a so-called black hole, the entrance to the inside. There we find the foundation of a creative, new world for Man. This galaxy is personal as are all galaxies in the Universe.

**Rev.
6:2.
Between
goal and
final goal**

This is a distant galaxy, its black hole grows and becomes bigger. This galaxy is also personal and is far ahead of us.

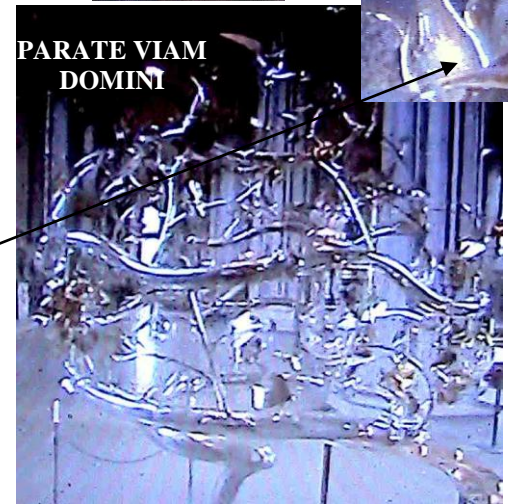

The pictures show three different developing galaxies. Galaxy A has a small black hole, as has our Milky Way. Galaxy B is an illustration of a growing black hole, a continuous transformation of matter takes place. Finally, galaxy C depicts a situation when the transformation of matter is accomplished and covers the whole galaxy with an incredibly hard shell. The galaxy is then ripe and closes. Everything outside the galaxy is finished. This is dark matter and it is dark energy which runs all galaxies.

In the Gospels, Izates II/Jesus compares this galaxy to a mustard seed. A future Kingdom of Heaven.

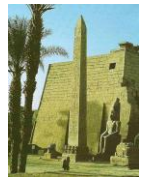

Inside the galaxy, a human world is founded, a world of human fullness. By so-called human cloning this human fullness divided itself into smaller parts and one small part ended up here on Earth and called itself **Cosmic Adam**. In other words: This Cosmic Adam is identical with the entity which exists inside the galaxy. This entity is called, **The only-begotten Son of Man**. See **Rev. 6:2**.

Cosmic Adam created his family tree here on Earth. The first known preserved name is Lamech, Enoch's father. His next to last name was 'Carpenter and Jack-of-all-trades Joseph', Yehosef bar Parechja, son of Parechja/Parittyta Julius and now, finally, 'Tibor Kemény', born on 18 April 1923, son of Lajos Kemény, my good father. He passed away on 4 May 1991 and united with Fullness inside the galaxy. This means he will never return. As far as I understand, this is what the angel means when he says that '**there should be delay no longer**'. In other words: Everything has its time and limits. In the Bible his family tree is called 'Tree of Life' and the scientific name for it is 'Family Tree' which has I biological connection to both micro- and macro cosmos. But now religion is over and done with and the king can remain on his throne and follow its termination. Against Monarchy – with The Times.

In early February **2013**, Church of Sweden showed in a Swedish tv program a new version of 'The Tree of Life'. We immediately notice that that the traditional wriggling serpent and the apple are gone. The Tree of Life is shaped like a spiral galaxy, i.e. the Milky Way, and can only be seen on my website.

But if we take a closer look at the top of the tree, we spot a sitting character, the God Mammon/Jesus Christ/Antichrist in the shape of a dove. A dove is still a female symbol. The arch bishop's motto: **Prepare the Royal Highway/ Parate Viam Domini** and the Lord suddenly appeared on my family tree. – This is also a sign indicating that the sealed Testament is a fake in favour of God of Mammon, Antichrist. How did the arch bishop find out? Whispers from the Holy See, from the CIA? – On the arch bishop's coat of arms we can see a yellow Star of David against a dark background. The Jewish boy Tibor E, a reincarnation of, among others, David, was murdered in Stockholm in 1971. Both Church of Sweden and the monarchy knew about the murder and, consciously, they brought the Lord into my family because of fake documents. More info at **Industry, Prince of Ponte Corvo, or..**, pp 50 - 68 and **The Fourth Pyramid which Disappeared**, pp 68 - 69. – Church of Sweden and the Swedish monarchy do not belong to Man and Humanity but to God Mammon's world of money and the Holy See. Here, in the Kingdom of Sweden, money is God, as it is in other parts of the world, including Orban's Hungary.

Back to our galaxy, Milky Way

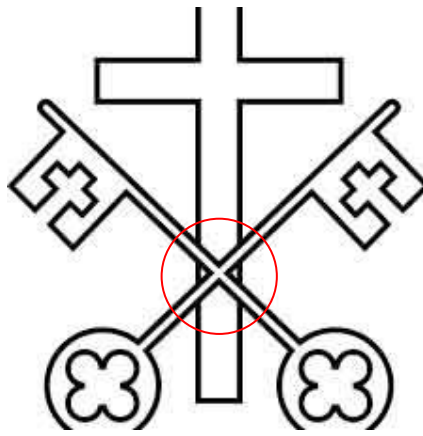

When our galaxy, the Milky Way, is ripe, it will also close itself inside its hard shell. Right now it already has a special code which exists at unique level of frequency, unique among all galaxies and will be used only at the final goal. The discharge has already started, it is still active and will keep going in the future. It seems to be eternal since we live in our Universe's micro world, while everything happens very fast in the macro world. But the end may strike fast and unexpectedly.

The starry sky which we see is an atom world for our Universe. Macro cosmos and the constant changes in the starry sky are transformation of matter which finally will cover the whole galaxy as a very hard shell. There are also stars which will end up in the black hole. Then everything outside our galaxy will end, I saw this end in a vision...more info at **Science, The Secret of the Black Hole**, pp 3-5. Enoch describes the same vision in his book, more info at **Industry, Deity**, page 11. – You can also read all texts dealing with black holes. The colour of the galaxy at its correct level of frequency will be greyish white before it reaches its final state. – It is difficult to understand what Life is, but it rejects power, cheating, money, wealth, war, torture, lies, etc. Life is a product of nature and we should obey its laws and rules, knowledge is at the centre for nature and human beings. Certain groups of UFO also obey the natural laws...

Gnosticism

In the early days in Palestine, in the days of the carpenter and Thomas, Gnosticism was the dominant ideology all over the country. Immanuel/Joseph Jr, his wife Mary Magdalene, male and female disciples took active part, as did many others. Even the young and rich John Mark (17 – 17 years of age) turned up at various group meetings. More info at **Industry, Omnipotent Akhenaten**, pp 19 - 22. He who **publicly** started the whole movement was John (the Baptist) simultaneously with Thomas. He was probably related to Carpenter Joseph, as was Helena, the mother of Izates II/Jesus. It was John who started to preach that 'the Kingdom of Heaven is at Hand.' One Kingdom of Heaven is the solar system with the neutron star and its planets and also the father of all Gods, An. The other Kingdom of Heaven is, actually, our galaxy. John, too, was surrounded by disciples. Izates II/Jesus talked about the Father, the Infinite Man, and called himself Son of Man. Nature and Man were in focus, not God and religion. In those days Gnosticism dominated and via increased knowledge they wanted to raise the level of knowledge among people. The goal was to enter Kingdom of Heaven, the inside of the galaxy, the foundation of the future human world. The washing ceremony was a symbol of new, fresh habits: being a vegetarian, living in a new harmony where focus is on knowledge which dominates life. It is a fact that knowledge was the main ideology in those days. – Because of these activities, God An punished the group from the Pleiades, marriage and the distribution of knowledge.

If we now look back to ancient Sumer, before the global flood, we meet elevated individuals who were for or against knowledge. The main herald was Samyaza, his group and their God Azazel from the Pleiades. They called themselves Watchers of Heaven. Nephilim and his group of large men were against knowledge and killed lots of people, as did Inanna. He and his associates slaughtered the people in the name of Samyaza. Enki and Enlil were less interested in supporting knowledge. Inanna used her influence. It is self-evident that Lamech and his son Enoch/Utnapishtim lived there.

After thousands of years, time was ripe in Palestine. Immanuel/Joseph Jr was a reincarnation of Samyaza, Izates II/Jesus a reincarnation of, among others, Inanna, John (the Baptist) of Enki, Ptolemy of Mauretania of Enlil, and John Mark was a reincarnation of Nephilim. But for John Mark, they were all in favour of knowledge. John Mark returned as God Baal. The strong winds of knowledge in Palestine created problems for religion and Baal and Mammon. Paul started to preach the new religion which was named Christianity. Gnosticism was banned (but continued its activities, now called heathenism). In order to make people become true believers they were fed with much meat from various animals, the use of alcohol and drugs spread and people were forced to drink animal blood, human knowledge decreased to an animal level. The net which was supposed to fish humans was changed into fishing flocks of sheep, the use of drugs became world-wide and heavy consumption of alcohol guaranteed a low level of knowledge. Today the Christians, also called 'The Flock of Sheep' constitute a group of animals, very faithful. They believe in God and are, heads down, on their way to the last station. Why should they possess any knowledge when their God does not? This is called intersecting knowledge and when the two branches meet, it is eliminated. Then the flock believe in lie, fairy tales, God, angels, etc. In this situation we do not need to know who God and Jesus are, it is sufficient if the individuals are blinded in their belief, hard of hearing and keep their heads down. The Jesuit pope who is the last pastor forces the flock of sheep to the abattoirs, the priests act like sheepdogs and keep the flock together on the pasture. More info at **Industry, Deity** pp 38-60, and *Son of Global Crimes*.

Den gode herden,

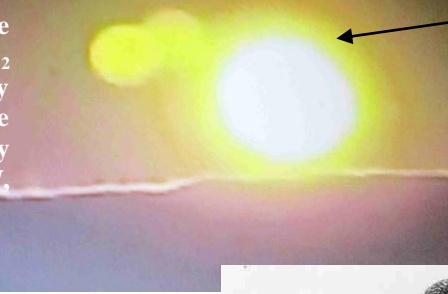

Now, in the Fullness of Time, the Bush dynasty and the Vatican dominate our world. We can compare the Bush dynasty with Nephilim's group: Baal gods and Barnabas's' group. The Dynasty's Christian political values and activities affect the whole world.

Pope Francis constantly preaches that poor, simple people gain in this case, but the superrich dynasty knows how a superrich family suddenly transforms into a poor, simple family. The pope is a rock/Peter who still steers the sinking fishing-boat.

Why do they say that carbon dioxide causes global warming?

In the 1980's selected rich people in the US, Asia and Europe build luxury bunkers. In the US hundreds of bunkers are built for businessmen, doctors/surgeons, scientists/researchers, teachers, etc, there is a luxury bunker below the White House. In Europe, the Nordic countries, we find similar luxury bunkers for selected individuals. The bunkers are there as protection against future global catastrophes. In northern Europe, in a rock, is a town with modern communication and buildings created for 100,000 selected individuals, among them rich politicians.

We now understand why politicians and climate scientists always talk about reducing and halting CO₂ emissions despite the fact that it is not possible. They think they enjoy guaranteed survival, they do not have to think about the general public. The bunkers are very expensive. More info at *Industry, Conquering Space II*, pp 25-40.

The weakening of the Sun's and the Earth's magnetic fields is the real cause behind global warming and catastrophes. More info at *Industry, The Neutron Star is Here.*

Clean air is an advantage. Building a bunker below ground is a new, but old, idea. It might serve as short-term protection against war and such, but in the long term it does not help very much. We face terrible catastrophes, they have already arrived and we should know in advance how and where we construct our protections. We should have mobile housing, like my Survival Project, not a permanent installation. When we close the doors of the underground bunkers there is no guarantee they can be opened again. The same goes for rocks, they can also end up under water. It is not impossible that one of the old continents, Atlantis or Mu, will surface. We cannot help everybody but we should help as many as possible to survive. We must prepare very early, but the bunkers and the struggle against CO₂ are obstacles. – When we grasp the serious situation, it is too late...

Finally:

5. Jesus said, 'Know what is in front of your face, and what is hidden from you will be disclosed to you. For there is nothing hidden that will not be revealed. And there is nothing buried that will not be raised.' – Jesus, too, wanted secrets to surface to give the world access to knowledge.

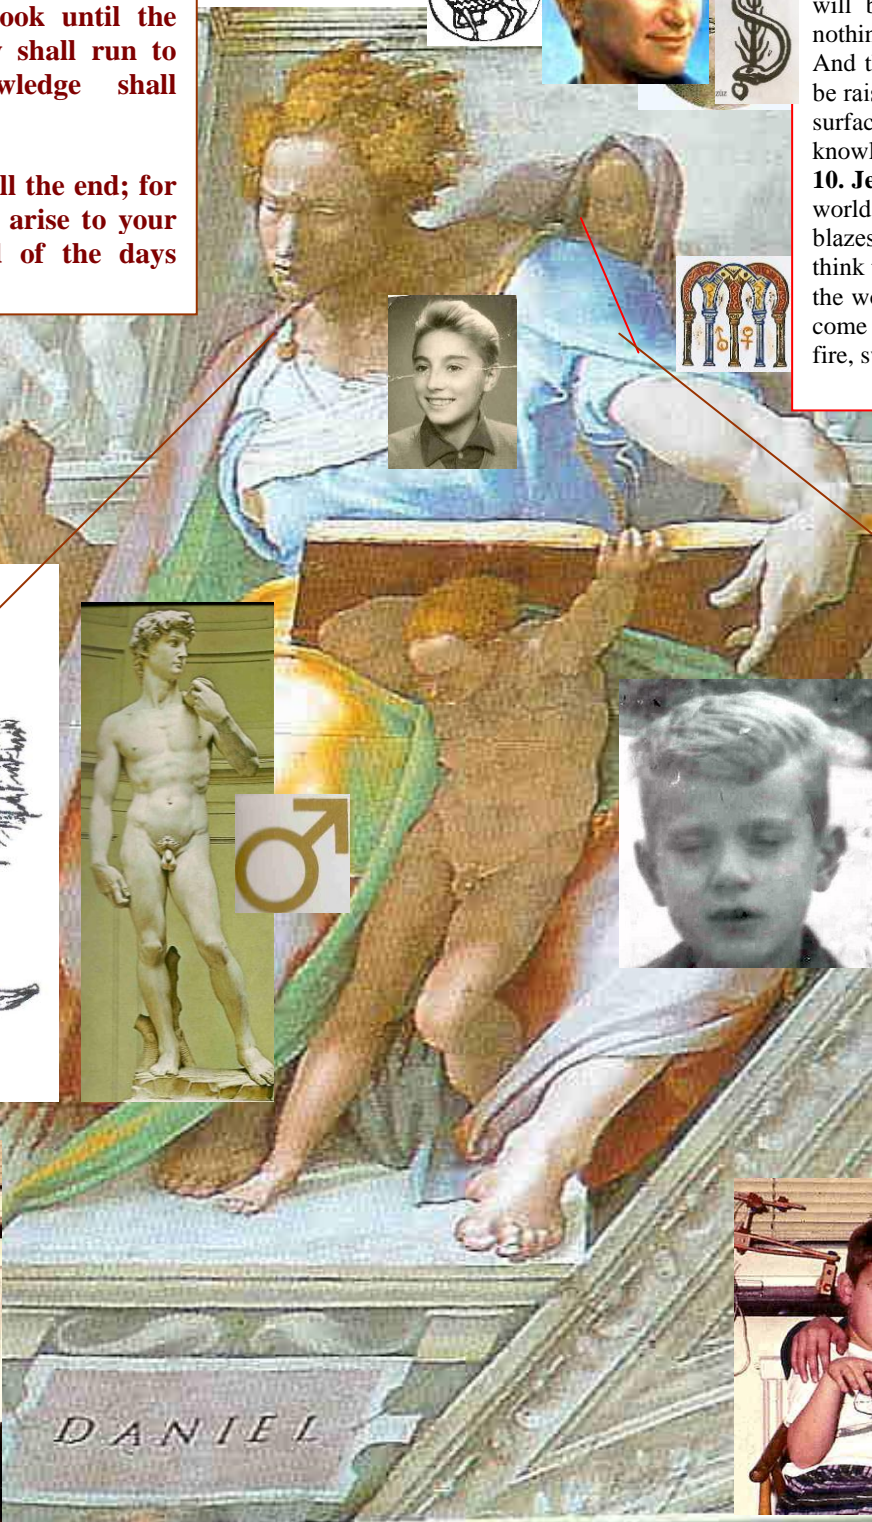

10. Jesus said, 'I have cast fire upon the world, and look, I'm guarding it until it blazes.' 16. Jesus said, 'Perhaps people think that I have come to cast peace upon the world. They do not know that I have come to cast conflicts upon the earth: fire, sword, war.'
